- STAR (collected through 2012/13) or CAASPP (collected from 2013/14 forward)

To Submit Data for Years Prior to 2011/12

CALPADS did not collect completion files prior to 2011/12, so all data prior to the 2011/2012 school year must be submitted via a CALPASS extract. Most major student information system vendors have scripts prepared to generate that file. A Data Element Dictionary for that file format is available on the data submission page (the Legacy K-12 DED). STAR and CAHSEE may still be submitted via the file-drop process.

If you have any questions about the data submission process, please contact the Helpdesk at help@calpassplus.org or view the FAQs on the File Submission Page.
